

Lloyd's Register Approved Anti-corrosion and Antifouling Coating Systems

The listed products have been examined in accordance with the requirements of Lloyd's Register and are approved for use in construction under Lloyd's Register Survey.

- ☰ Prefabrication primers
- ☰ IMO PSPC compliant water ballast tank coating systems (including coatings for DSSS of bulk carriers)
- ☰ IMO PSPC CARGO OIL TANK COATINGS SYSTEMS
- ☰ Recognised antifouling systems in compliance with IMO AFS Convention
- ☰ Approved PSPC Test laboratories
- ☰ Recognised corrosion control coatings for water ballast tanks (Non-PSPC)
- ☰ Recognised maintenance coatings for water ballast tanks (Non-PSPC)
- ☰ Recognised abrasion-resistant ice coatings
